GENERAL

Proposals are subject to the attached Standard Terms and Conditions.

ADDENDUM 1

Answers all questions submitted by 5:00 PM on Thursday, September 17, 2020.

Q1) Mulch control kits on the mower decks. Would (the College) prefer me to quote the mulch kit blades for each deck rather than the standard blades? Both will work with the kits!

A1) Please quote standard blades.

Q2) On the deluxe cabs for the X700's. When pricing the heater kits, because (the College) takes them off in the summer time I'm sure (the College) prefers quick-disconnect lines for easy removal?

A2) Please include quick-disconnect lines.

Q3) On the deluxe cabs for the X700's. It mentions work lights. Does (the College) want front and rear work lights OR just front work lights?

A3) Front work lights only please.

Q4) The salt spreaders for the X700's won't work with the gators. The gator take a different salter and attaching parts. Should I price "2" salters for the gators?

A4) Please provide LP67403 salt spreaders on each X758 with hitch mounts and control boxes. Also provide ST50299 hitch mounts and LP49057 control boxes on the Gators. Please confirm we can move the salt spreaders back and forth between the X758's and the Gators this way.

Q5) On the 835R gators. It mentions work lights. Does (the College) want front and rear work lights OR just front work lights?

A5) Front work lights only please.

Q6) On the 835R gators. What tire option does (the College) prefer? Deere offers a All-Terrain Tire or Maxxis Bighorn Radial Tire. Please note-the tires will be mounted on the Steel rim you see in black and the rim color will be YELLOW. The alloy rim you see in yellow is an upgrade for looks and of course is extra money. I'm just trying to show the tread differences.

A6) Please provide Terra Hawk AT tires with this tread pattern:

Terra Hawk AT (all terrain)

Q7) On the 835R gators. Does (the College) want turn signals and 4-ways flasher kits? I know it mentions a beacon to be mounted on top of cab which I will price.

A7) Turn signals and 4-ways flasher kits are not required.

Please be reminded:

10.ACKNOWLEDGEMENTS OF ADDENDA

Signature of company official on original document shall be construed as acknowledgment of receipt of any and all addenda pertaining to this specific proposal. Identification by number of addenda and date issued should be noted on all proposals submitted.
